

•••HOW TO TRAIN YOUR•••

# Human

Brought to you by the Cyber Awareness  
Interdisciplinary Consortium Ireland

You are actually the  
strongest link!

You don't share your  
location publicly

You are suspicious of  
attachments

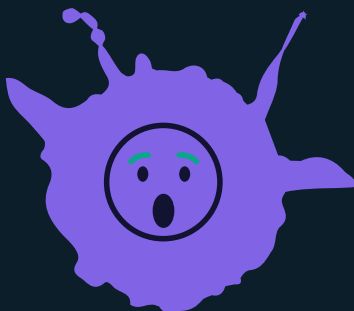

You use a password  
manager

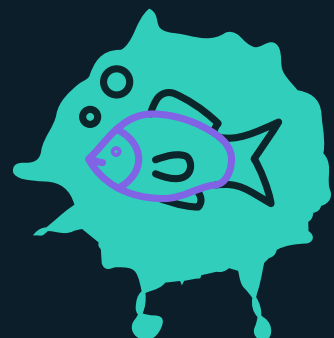

You treat each email  
with healthy suspicion

You don't connect to  
free Wi-Fi in coffee  
shops

Your alarm bells go  
off when an email  
uses the words  
urgent or immediate

You are a master  
phishing detector!
